

William Booth Primary School
P.E. and Sports premium Report

<p>Achievements:</p> <ul style="list-style-type: none"> • All children received high quality teaching for the P.E. curriculum. • A range of abilities have attended competitions despite COVID 19. • More afterschool clubs were put on. 	<p>Next steps for 2020/21:</p> <ul style="list-style-type: none"> • Looking at ways of ensuring children are still able to take part in competitions. Normal competitions may not be able to take place for some time due to COVID 19 therefore there needs to be planning in place for inter call competitions. • Providing children with enrichment opportunities. • Ensuring children are taking part in physical activity.
---	---

Due to COVID 19, not all the Sports premium money has been spent and not all areas were able to be implemented fully either. Therefore some of the money has been carried over into 2020/21. This is highlighted in yellow.

Academic year: Sept 2019-July 2020	This year was cut short due to COVID 19.
------------------------------------	--

Key indicator 1: the engagement of all pupils in regular activity- 30 minutes per day in school

Intent	Implementation		Impact and Evaluation	
School focus with clarity on intended impact on pupils	Actions to achieve:	Funding allocation	Evidence of impact on pupils including wider impact on whole school improvement	Sustainability and suggested next steps
Deliver high quality PE lessons as well as supporting school staff with CPD across the terms.	Employment of sports coach for 1.5 days to teach from reception to year 6 as well as after school club and lunchtime club.	£6600	There is a clear curriculum map for the progression of P.E. throughout the school which is key when ensuring children are taught the whole P.E. curriculum. This year, all children in school have continued to experience high quality PE sessions every week, making expected or accelerated progress.	Continue the employment of P.E. coach. Ensure teachers are using this CPD for additional lessons, especially after lockdown. Use a timetable to evidence this.
CPD for subject leader and HLTA/MENTOR	Enrolling onto courses in Nottinghamshire	£1500	CPD undertaken by PE lead has led to a clearer vision for the next academic year, especially in terms of the budget and	Further CPD to be undertaken by Subject Lead, in Autumn term.

specifically lunchtime supervisors.	<p>Liaise with SLT to ensure staff meeting time is allocated in order to disseminate to staff.</p> <p>Liaise with SLT so HLTA/MENTOR can deliver training to support staff/midday supervisors.</p> <p>Provide cover for SL so she can observe teachers</p>		ensuring the correct amount of PE/physical activity is taking place.	
Quality equipment	<p>Sports coach, SL and mentor to purchase quality, long lasting equipment for teachers and support staff to use.</p> <p>A variety of sports provided for children. All are free of charge and we ensure they are accessible for all offering the 'walking bus' to our play after school community centre so all children are able to join.</p>	£3000	<p>After school clubs continued this year, with additional clubs being added for example girl's football club. Each week there have been a minimum of 4 afterschool clubs available. These clubs have a positive impact on those children who attend as they have better communication, strengthen their key skills as well as build friendships and sportsman ship. If the year had continued, all children would have been offered the opportunity to attend an afterschool club. During a pupil voice questionnaire, all children in ks2 had attended an afterschool club they enjoyed. Therefore, some of this money has been carried over to 2020/21 due to COVID 19.</p>	<p>Continue after school into next year.</p> <p>Use EPIC to provide more afterschool clubs. These will have to change next academic year as children must remain in their bubbles.</p> <p>Continue</p>
Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement				
Children to be motivated to progress in PE.	Continue with Athlete of the week, relaunching it during Autumn term		<p>All chn have taken part in weekly PE sessions led by sports coach and their teacher as well as physical activity sessions. During a pupil voice questionnaire, children</p>	<p>Increase the number of PE lessons per week, ensuring children receive 2 hours of PE.</p> <p>Continue the physical activity sessions.</p>

				said they always wanted to be athlete of the week.	
Key indicator 3: increased confidence, knowledge and skills of all staff in teaching PE and sport					
Improve staff knowledge, skills and confidence to deliver high quality PE sessions as well as exercise sessions which increase children's daily exercise.	Employment of sports coach for 1.5 days CPD for SL to then be delivered during staff meeting.	See above		Increased confidence for teachers delivering own PE sessions. Information has been shared with teachers by SL to provide different ideas for physical activity.	Teachers to teach another PE session per week for their own classes. SL to monitor this.
Key indicator 4: Broader experience of a range of sports and activities offered to all pupils					
The school will continue to offer a wide variety of After school activity clubs delivered by a range of staff.	A variety of sports provided for children. All are free of charge and we ensure they are accessible for all offering the 'walking bus' to our play after school community centre so all children are able to join.	£2500 for provision		There has been a continuation of these clubs and they would have continued until the end of the year. Further competitions were also entered as well as more entered for the Summer term. Some of this money has been carried over to 2020/21 due to COVID 19.	Provide children with more opportunities within the new constraints of COVID 19.
Participation Events/ Competitions	Entering and participating in various events/competitions.	£1500- entry fees, transport and equipment.		There have been a record number of pupils involved in both interschool and Nottingham city competitions. This also includes children with SEND have also been able to go to competitions with SEN T.A.	Look into inter class competitions.
Top up swimming lessons	By end of the Autumn term have a list of children who did not meet the expected standard at swimming. Spring term- look into additional lessons for them for the summer term.	£1000		See the table at the bottom to see the percentage of children who reached expected. Those who didn't reach the expected standard for swimming would have been in additional clubs in order to reach it. This would have taken place in the Summer and therefore due to COVID 19 this did not	

				happen. This money has therefore carried over to 2020/21.	
Key indicator 5: increased participation in competitive sport					
Increase pupil participation in competitions, interschool sport and events	Children to participate in school sport Nottingham events and competitions. This allows inclusion and healthy exercise to occur on top of performance within sporting activities. Transport to and from competitions and competition fees Interschool competitions between classes, within classes and across the school.	£2200 (based on amount spent last year)	8%	We were unable to get a new schools games mark due to COVID 19 therefore we remain at bronze. There have still been a lot of children of all different abilities who have attended competitions up to March 2020. Due to COVID 19 the rest of the competitions did not go ahead. Therefore some of this money has been carried over to 2020/21. We were also unable to deliver a sports day as normal due to COVID 19. More than 50% of children did take part in some kind of sports day when school re opened but it was on a much smaller scale with limited timings. Therefore this money has also been carried over to 2020/21. We have established numerous teams for example gymnastics and football which will carry on into next year.	To achieve silver games mark next year.

Meeting national curriculum requirements for swimming and water safety	Percentages
What percentage of your current year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	50%
What percentage of your current Year 6 cohort use a range of strokes effectively?	33%

What percentage of your current Year 6 cohort perform safe self-rescue in different water- based situations?

Due to COVID 19 this did not take place. It was due to take place in the Summer term.
