

William Booth primary School  
Sports Premium

Focus:

This year, we have chosen to have a massive focus on improving our outdoor area so it is accessible for all children at all times of the year. We have researched different types of equipment, which would be suitable and discussed this with numerous different companies. We have decided to use the money carried forwarded from last year to allow this to happen this year. This new equipment will ensure a sustained engagement of all pupils in regular physical activity throughout different points of the school day for many years to come.

Additional next steps:

- Enter competitions across the city allowing children the chance to showcase their talents.
- Continue with high quality teaching.
